for!**

TUESDAY AUGUST 25, 2026

9:00AM-1:00PM

8202 County Road 417 ● Live Oak, FL 32060

You won't want to miss the opportunity to hear about and visit the research trials going on at NFREC-SV! You will start the morning hearing about the peanut market outlook and learning about budgeting for this season. In the field, you will hear from experts about variety selection, fungicide and nematicide efficacy programs, and effects of bailing peanut post-harvest for hay and rye cover crop biomass on leaf spot diseases and yield. There will also be opportunities throughout the day to meet with vendors about the latest technologies in peanut production. There will be an optional core training at 1:00pm for an opportunity to earn 1 core CEU.

Register by August 18, 2026

September 30, 2026

Transplants 101

Getting a Great Head Start

1-DAY CLASS

Includes class materials, light breakfast, lunch
and snacks

SMALL FARMS ACADEMY

Come learn how to grow and harvest these mini crops with surprisingly familiar names!

Activities will include:

- Crop selection, scheduling, and seeding
- Maintenance and care
- Harvesting techniques
- Post-harvest handling safety
- Marketing and sales of the final products

Registration includes class materials, light breakfast, lunch and refreshments

Workshop activities will include a walking tour of growing areas and indoor presentations. Wear comfortable clothes & closed toed shoes. Most activities will be outside so prepare for hot, sunny, rainy, or breezy conditions.

We are offering an early bird rate of \$100 for anyone registering before September 30. The price will increase to \$125 starting October 1.

Register soon because space is limited. [REGISTER HERE](#)

We hope you're able to join us!
